DETAILED ACTION

Election/Restrictions

1. Claims 5-7, 9, and 10 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 04 October 2004.
2. Acknowledgement is made of applicant having indicated that claim 4 is withdrawn in the version of claims submitted 24 April 2008. A review of the record finds that at different times claim 4 has been indicated as being both examined/under consideration as well as being withdrawn. A review of the restriction requirement of 04 October 2004 finds that claims 1 and 4 were both held to be generic, and that in the Office actions of 24 January 2005 and 19 June 2007, claim 4 was indicated as having been examined. Given that claim 4 has been examined on the merits and has not been amended so to read on a non-elected invention, claim 4 remains under consideration.

Priority

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1634

5. Claims 1, 2, and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. As a result of amendment, claims 1 and 2 now recite the limitation that the wild yeast “is yeast not used for brewing and being obtained from the genus *Hansenula*, the genus *Brettanomyces*, the genus *Candida*, and the genus *Saccharomyces*.” It is unclear as to how the yeast is “obtained from” a given genus. It is also unclear as to how the yeast is obtained from multiple genera in a simultaneous manner.

Allowable Subject Matter

7. Claim 7 is allowed.

Conclusion

8. Objections and/or rejections which appeared in the prior Office action and which have not been repeated hereinabove have been withdrawn.

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

10. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 1634

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
